

JANUARY

At Home Family Math Fun!

Focus: Base Ten Blocks!

Your family is receiving paper base ten blocks today!

Have fun completing these tasks with your family!

TASK #1

Cut out your blocks as neatly as possible.

TASK #2

Show 14 in as many ways as you can.

TASK #3

Make 46

Make 132

Make 175

Now try this...

Make a picture using your blocks (ex. house, fish, fence, etc.).

What is the value of your picture?

Family Discussion:

- Look at the different ways you made 14. How were they alike? Different?
- What sense do you make of this?
- What would you need to build 1,238?
